## *Clean and Hygiene Supplies*

Dar Al Hilal General Trading LLC, established in 2011, is engaged in distribution of environmental protection products widely known as cleaning and sanitary materials. We supply a wide range of commercial cleaning supplies and equipment and we're committed to assisting our customers worldwide with their unique needs by providing them with comprehensive, value-added products in meeting a full range of cleaning, sanitation and service needs. We cater to a wide variety of customers' needs and budgets; from commercial cleaners, schools and early childhood education centers to the hospitality industry. Our range extends from products made by large multinational companies to goods supplied by smaller, local manufacturers. We stock a variety of commercial cleaning supplies and whether you are looking for a particular cleaning product or just seeking help with a cleaning problem, you are welcome to come in and browse or talk to our helpful staff for advice.

This industry knowledge, combined with a wide range of product and our genuine desire to assist customers has established Dar Al Hilal General Trading LLC as a leading cleaning supplies company in UAE. High quality cleaning products for a price that you can afford...

With over 130 cleaning products available, we've a reputation for high quality, value and standards. We strive to give you the best value for your money.

We're committed to protecting the environment while meeting the needs of our customers. We understand the growing desire to use products that are powerful yet safe. Our products not only perform well but also keep the planet safe. Our entire line of products is made with natural ingredients- never with harsh chemicals.

### OUR MISSION

Low Impact On Our Environment. High Impact On Your Image.

### OUR VISION

To provide a business service that preserves our Planet and ensures our future generations to have a quality of life that we currently enjoy.

### HOW WE DO IT

To reduce the impact on the environment and for a safer and healthier workplace we use environment friendly, biodegradable and non-toxic cleaning products whenever possible. As there are few effective products on the market, Maxwell Dubai concentrates on providing "low impact" cleaning products. Our cleaning machines decrease dust, noise emissions, energy usage and chemical waste, improving the working environment for all of your employees.

We provide degradable bin liners which break down within two years compared with around 500 years for standard plastic bags.

We supply plantation-grown toilet paper, which uses fewer chemicals and less energy in the production process than even recycled paper.

## CHROMIUM DOUBLE BUCKET FLOOR CLEANING CART

120 lt waste bag canvas container  
2 pieces 25 lt blue and red bucket  
1 piece plastic mop wringing press  
2 pieces plastic trays with compartment  
4 pieces 6 lt plastic bucket red-blue-green-yellow  
2 pieces of wheels with brake, 2 pieces of double ball bearing wheels without noise and trace.

## CHROMIUM DOUBLE BUCKET FLOOR CLEANING CART WITH GARBAGE HOLDER

2 pieces 25 lt blue and red bucket  
1 piece plastic mop wringing press  
4 pieces of double ball bearing wheels without noise and trace.

## PLASTIC DOUBLE BUCKET CLEANING CART

Plastic body made of 1st class original material  
2 pieces 25 lt blue and red bucket  
1 pieces plastic mop wringing press  
4 pieces of double ball bearing wheels without noise and trace.  
Package Dimensions: 71x43x85cm / 0.25m<sup>3</sup>

## CHROMIUM DOUBLE BUCKET CLEANING CART

Body made of 1st class material with high covering quality  
2 pieces 25 lt blue and red bucket  
1 piece plastic mop wringing press  
4 pieces of double ball bearing wheels without noise and trace.  
Package Dimensions: 71x43x85cm / 0.25m<sup>3</sup>

## CHROMIUM SINGLE BUCKET CLEANING CART

Body made of 1st class material with high covering quality  
2 pieces 25 lt blue and red bucket  
1 piece plastic mop wringing press  
4 pieces of double ball bearing wheels without noise and trace.  
Package Dimensions: 40x55x83cm / 0.18m<sup>3</sup>

## CLEANING CART PLASTIC PRESS

Body is manufacture of 1st class original polypropylene. pom material is used in the moving parts and section with gears providing high durability against chemicals and corrosion. 1st class eloxal material with 2mm. thickness and 25mm. diameter is used against possible maximum load in aluminum armrest.

### CODE:

EXTRWR44G (GREY)  
EXTRWR44Y (GREEN)  
EXTRWR44K (RED)  
EXTRWR44M (BLUE)  
EXTRWR44S (YELLOW)

### DIMENSIONS

40X55X83CM / 0.18M<sup>3</sup>

## PLASTIC CLEANING CART BASKET

Body is manufacture of 1st class original polypropylene material. Internal height is kept to a level as high as possible not to allow the tilting or falling of the bottles containing chemicals and other cleaning tools to be used, during movement of the cleaning cart. Thickness of the plastic is manufactured high due to the load to be carried not to yield in time.

### CODE:
